ALASKA DIESEL ELECTRIC

Choosing the Best is always the Right Decision.

The World Runs on Diesel. Our Diesels Run On and On and On...
 When you need reliable power, turn to the diesel engines and generator sets from Alaska Diesel Electric.

ADE Manufactures Northern Lights and Luger Diesel Products
 We started building Northern Lights generator sets in 1963. Since then, thousands of our sets have gone to work providing electrical power all across the world. If you work or play on the water, our Luger marine diesels and Northern Lights marine gen sets power everything from lobster boats to yachts to passenger ferries.

ADE Uses Base Engines from the Finest Manufacturers
 Yanmar, John Deere, Toyota, ISM, and Komatsu. All are designed for heavy-duty applications. ADE's experienced crew can help you pick the right diesel for your application.

Fuel Economy

*For the most current dealer listing check out our web site at <www.northern-lights.com>
 You'll not only find dealers but almost everything you'd want to know about our products.*

The Luger and Northern Lights support network is constantly expanding. If you do not find a dealer listed for your area, please contact the closest factory branch listed on the front page. Or call (206) 789-3880
